

About Us

April's Angels was formed in June 2011 when our best friend, April Craig South, suddenly passed away. As a special education teacher at [Itawamba Attendance Center](#), April was a staunch advocate for her students and their special needs. After her death we decided to adopt April's mission, and April's Angels was established to benefit the area of special needs at IAC. To date, we have bought school supplies, nap mats, children's books, a SmartTable, and now we are endeavoring our largest goal ever - to build an all-inclusive handicapped playground.
